The Smart Inverter

The Redback Smart Inverter is designed for Australian households looking to invest in solar. Designed and tested in Australia¹, the single-phase grid-tied solar PV inverter series is affordable yet robust and designed to survive in harsh Australian outdoor conditions. Available in four sizes (5kVA, 6kVA, 8kVA & 10kVA), with a smart meter and Wi-Fi dongle coming standard at no extra cost.

SI8000 / SI10000

Easy Monitoring App and Portal

10-Year Warranty

Indoor or Outdoor Installation
